

# PLAYGROUND KINGS CAMP POLICIES

## **Campers are required to commit to the four principals of Playground Kings Camp:**

1. Respect for your mind, body, and spirit
2. Respect for others' mind, body, and spirits
3. Respect for your environment
4. Respect for the community

Behavior Policy: The following consequences will occur if a camper is consistently disrespectful or behaves in an unsafe manner towards themselves or others; such as-- hitting, biting, harassing, and/or displaying destructive behavior:

First, the camper will be asked to stop the behavior by the leader of the group.

If the behavior continues, one of the administrators will try to resolve the situation with the parent by telephone or in person, if possible, at pick-up or drop off.

If the behavior still continues, an administrator will talk to the child and the parent and discuss possible solutions and or termination.

If the behavior does not stop, administrators will terminate the camper's participation in the program. Please note that no refunds will be given if participants are terminated from the program on the basis of inappropriate behavior. Please discuss consequences of inappropriate behavior with your child before your child attends camp.

## **Commitment to the parents**

To promote respect, honesty, community, and positive energy among campers, we are going to:

- Guide children to do the right thing and be the best they can be
- Praise good behavior at all times
- Treat each child with equal patience, consistency, honesty, and love
- Show them the true meaning of community (empathy and caring for one another)

We at Playground Kings Camp are committed to being completely transparent with our program and to letting the parents know exactly where and when your child will be at all times. Parents are one of the most important aspects in the community we will be building and all staff associated with Playground Kings Camp will always act and behave with the utmost courtesy towards them. If at anytime a parent feels that something is an issue, we will work tirelessly to resolve the issue and to make sure the community bonds we create are always strengthened and never weakened.

## **Commitment to the kids**

Playground Kings Camp promises each child who comes to our camp that s/he will be treated with respect and will always be listened too and never pushed to the side. We are committed to providing a FUN interactive summer camp where we will empower each child to blossom into a young King or Queen. We will also provide a safe environment where campers never feel like they are in danger.
